

Mini PC box

Mini PC box is intended for storage of Mini PCs, keyboards and mouses in classrooms. It is designed in a way that enables mounting on the wall and easy cable management. That is why it represents a unique solution when used with interactive boards. You don't need to plug in all the cables at the beginning of a presentation. Simply unlock the box, open it and start using your Mini PC, projector and interactive board. Mini PC box also has a drawer where pens, remote control and stationary can be placed.
