

WM 65 / WM 65 EL

Vega Wall Mount WM 65 and electric driven WM 65 EL with ultra slim H-frame offers a height adjustable and secure mounting solution for interactive panel or LCD display. Despite its slim design, it provides sufficient strength, flexibility and stability of the mounted device. The H-frame is fixed to the wall with four anchors (with adjustable distance to the wall) and fixed to the floor. WM 65 is equipped with a 3-pole socket and 5 meter long power cord. Its innovative design allows easy cable management. Metal construction is black, decorative front sheet metal is available in black, white and silver (further colour options are available upon request).
