

# WMC 70/130

## WMC 70/130 Adjustable wall-mount console

The console is designed for mounting of LCD projectors used for projection on interactive whiteboards. Specialized LCD projectors have different build-in wide-angled objectives. The console allows mounting on different distances from the whiteboard (minimum fixed fitting of 15 centimetres and continuous fitting in the range between 16 and 65 or 15 and 125 centimetres). Console is equipped with Vega's inovative fine adjustment mechanism which enables precise setting of the projected picture.

### Technical Data

- Carrying capacity of the console in the fitting point of LCD projector is 11 kg
- Console can be adjusted perpendicular to the wall with two screws which are positioned on the console holder
- Fitting range:
  - Adjustable: 15 - 65 or 15 - 125 centimetres
- Range of horizontal adjustment: 3 centimetres
- Fitting point allows fine adjustment for inclination of:
  - 30 degrees down / 0 degrees up
  - 5 degrees left or right
- Colour: combination of white and aluminium
- Cable management system
- Kensington lock protection
- Packed in cardboard packaging. Protected against dust and damages.
