

# Wall Mount WM 40

Wall mount WM 40 is designed for the new generation of interactive or LCD displays. Made of solid steel framework it meets all the needs of modern users seeking an advanced solution for interactive or LCD displays with optimum combination of functionality, ergonomics and fashionable design. Our universal Wall Mount will satisfy diverse tastes and adapt perfectly to your work or home environment. Wall mount WM 40 holds displays only 30 mm from the wall (please be sure to check that your display has only side or bottom ports/inputs).
