

Mobile stand WMS 600 WB

VEGA mobile stand WMS 600 WB is designed for mounting of regular or interactive whiteboards. It is equipped with four industrial castors (two with brake) which allow easy passage over small obstacles. Cable management is possible through the supporting legs. Optionally the mobile stand can be equipped with VEGA projector holder thus comprising a powerful interactive unit which can be moved effortlessly between different locations.

Projector holder and adapter plate
are sold separately.
